Goals / Remit

With over 600 consultants, Navigant's global Energy practice is the largest energy and sustainability consulting team in the industry. We collaborate with utilities and energy companies, government and NGOs, large corporations, product manufacturers, and investors to help them thrive in a rapidly changing energy environment. Our clients include the world's 50 largest electric, water, and gas utilities; the 20 largest independent power generators; and the 20 largest gas distribution and pipeline companies. Navigant's seasoned professionals and highly skilled specialists form exceptional teams to help clients transform their businesses, manage complexity and accelerate operational performance, meet compliance requirements, and transform organizations and systems to address upcoming changes as the energy transition accelerates.

We help clients build, manage, and protect their future by:

- Building capabilities and innovative solutions that advance and transform their businesses
- Managing complexity and removing barriers to accelerate operational performance
- Protecting their business from adversity by meeting compliance requirements, keeping assets secure, and vigilantly managing risks
